

REMARKS

The translation submitted on January 21, 2005 was found to be incorrect. Inadvertently, a translation in which the claims had been altered to delete the multiple dependencies was filed, rather than the correct translation which included multiple dependent claims. The correct translation has now been submitted herewith.

The claims of the correct translation have been amended to delete all multiple dependencies.

The fee for late submission of a translation is paid herewith by credit card (Form PTO-2038).

Respectfully submitted,
